

A stylized graphic illustration in shades of blue and white. It features a central figure with arms raised, holding a large water molecule (H₂O). The background includes a city skyline, a sailboat, and a bird in flight. The text 'ACO. we care for water' is in the top right.

ACO. we care for water

Environmental Policy

December 2025

ACO Technologies plc designs, develops, manufactures and supplies Building Drainage, Waste Management and Surface Water products. We are committed to meeting all applicable statutory obligations and exceed them with our commitment to global initiatives. Ensuring we maintain market-leading credentials that better serve our customers, business and employees.

The Directors, Management, and Staff are dedicated to upholding high levels of environmental responsibility across every aspect of the organisation. Through our Environmental Management System, accredited to ISO 14001, we constantly strive, in partnership with our suppliers and customers, to continually improve our energy and water efficiency, and to minimise our environmental and ecological impact.

In alignment with Government and industry-led initiatives, ACO is committed to achieving Net Zero emissions in operations and our supply chain, affirming our responsibility to limit global warming to 1.5 degrees Celsius in accordance with Science Based Targets. We are dedicated to minimising the use of finite resources, reducing embedded carbon in our products through life cycle thinking and circular economy principles.

ACO offers sustainable solutions through the **Collect, Clean, Hold, and Reuse** water management chain, aligning with the UN Sustainable Development Goals (SDGs). Supporting sustainable water management (SDG 6), innovative infrastructure (SDG 9), and sustainable cities (SDG 11) whilst reducing carbon emissions (SDG 13) and promoting responsible consumption (SDG 12). Supporting health and wellbeing (SDG 3), life below water (SDG 14) and life on land (SDG 15). ACO foster partnerships (SDG 17) with industry partners, planners, and authorities to develop environmental standards and guidelines for the sectors that use our products and services.

A handwritten signature in black ink, appearing to read 'Mike Simpson Lane'.
