

Strojírenský zkušební ústav, s.p. (Engineering Test Institute, Public Enterprise), Authorized Body 202

Hudcova 424/56b, Medlánky, 621 00 Brno, Czech Republic

Authorization Decision No. 2/2023 dated 1. 3. 2023

PRODUCT CERTIFICATE

No. **202/C5a/2023/J-01484-23**

In accordance with the provisions of Art. 5a of Government Regulation 163/2002 Coll., laying down the technical requirements for selected construction products, as amended by Government Regulation 312/2005 Coll. and Government Regulation 215/2016 Coll., the Authorized Body hereby confirms that for the following construction product

Type designation:	ACO hygienic gullies including accessories Size ranges 142, 157, 218, 315, 440
Specification of products, variants, and accessories:	See Final Report No. 30-16561/JZ dated 2023-09-22 Material: stainless steel 1.4301 or 1.4404
Manufacturer and Manufacturing plant:	ACO Industries k.s. Havlíčková 260 582 22 Přibyslav, Czech Republic
Identification number:	48119458

the Authorized Body reviewed the background materials submitted by the manufacturer, conducted the initial product type testing at the production facility, assessed the factory production control, and ascertained that the product specified above fulfils the essential requirements of the Government Regulation in question as set out in the applicable standards ČSN EN 1253-1:2016 and ČSN EN 1253-2:2016 and that the factory production control complies with the corresponding technical documentation, and ensures that the marketed products fulfil the requirements specified in the above-mentioned standards above and correspond to the technical documentation pursuant to Art. 4(3) of the Government Regulation cited above.

An integral part of the present Certificate is Final Report 30-16561/JZ dated 2023-09-22, which contains the conclusions drawn from the inspections and verifications, as well as the test results of the certified products and the basic description necessary for products identification.

The present Certificate was first issued on 2023-09-25 and remains valid as long as the requirements specified by the standards to which reference is made, or the production conditions at the production facility, or the factory production control, remain substantially unchanged, or until the Authorized Body amends or revokes the present certificate.

At least once every 12 months, the Authorized Body will conduct surveillance of the due functioning of the factory production control at the manufacturer's facility, pursuant to the provisions of Art. 5a (2) of the above-mentioned Government Regulation. The Authorized Body shall evaluate the supervision and issue a report for the manufacturer.

Brno, on 2023-09-25

Ing. Pavel Štícha
representative of the Authorized Body
